Growth Mindset Professional Development
Session Five - Recap and Review

Introduction
In this final session, your team will have an opportunity to review the material covered in the previous four sessions, discuss what was most helpful, what was most challenging, and explore next steps.

Lesson objectives
By the end of this session, participants will:

- have clarified any areas of confusion,
- be familiar with the practice library for accessing additional mindset resources,
- provide feedback to facilitator on what was most and least helpful, and,
- explore next steps.

Materials needed
- One copy for each participant of
  - 5-Session Growth Mindset for Professional Learning Teams Overview - (http://perts.net/pd_overview) Or ask participants to bring original copy with them
  - Growth Mindset PD Evaluation Form (http://perts.net/gm_pd_eval)
- Laptop/computer and internet connection

Outline for Session Five

Part I: Debrief
*Estimated time: 15 minutes*

Discussion - Peer observations
Debrief on the second peer observation process. Here are some questions to get the conversation started:

- How did the observation process go?
- What did you learn?
- What was most helpful? Least?

Discussion - Implementing the mistakes discussion or activity
Debrief on how implementation of the mistakes discussion or crumpled paper activity with
students went. Some questions to get the conversation started are:

- How did your students respond? Highlights? Lowlights?
- Did anything surprise you?
- What would you do differently next time?

Part II - Explore the **Practice Library**
(https://www.mindsetkit.org/practices)

*Estimated time: 10 minutes*

Open the practice library and walk participants through how to search for a practice and how to upload a practice. Explain that it is an interactive library of resources that have been uploaded by other educators. You can filter by mindset, grade, subject area, and content type. You can also upload your own practices if you create a new activity you think others might find useful.

**Activity** (optional) - If participants have their own computers with them, have them search the library for a new practice they would like to try. Spend a few minutes discussing the practices that participants find.

Part III: Recap

*Estimated time: 20 minutes*

**Discussion** - Hand out the evaluation forms and review the 5-Session Growth Mindset for Learning Teams Overview together. Allow a few minutes for participants to review the evaluation form first, and then begin a discussion on how effectively the learning objectives were met. Some questions to explore are:

- Do participants feel these objectives were reached?
- What was most impactful?
- What surprised you most?
- What didn’t you like or feel could be improved?

**Activity:** - Complete the **Growth Mindset PD Evaluation Form**

Give participants a few minutes to fill out the evaluation form and hand back to you. Let them know that if they would like to email their comments to the PERTS team, we would welcome their feedback.

Part IV: Next Steps

*Estimated time: 10 - 15 minutes*

**Discussion** - Have a discussion to explore:

- how each participant plans to continue expanding their growth mindset practices,
- how participants might share what has been learned with other teachers,
- if there is interest in continuing to meet, and,
- if the group decides to continue, what additional activities could be explored.
